SUMMARY OF INFORMATION

Impressions of the target being/entity located in front of a single-story brick building with a flat roof. Nearby was a long, brick building with a number of entrances (AOL reminds me of standing in front of the Post Office, at the PX complex).

There is a prominent feature from overhead which appears to be a road.

Target entity appears to be in the area of building 4554

Impression that beacon is sitting in car. Surroundings are wet, green, with earthy, outdoors smells; a group of structures is prominent, but are not in main part of built up area--sense of being separated off, out away--open space is important--"in nature." Light browns and wood construction play a role. AOL Break of new stables.
